It all began in 2008.....

Technoedge power was founded in the year 2008 as an electrical engineering company of Bangladesh entrepreneur by a group of professionally experienced graduates & diploma engineers which works for overall solution of power distribution system of a different projects. **Technoedge power** started its operation with a very professional approach as the entrepreneur themselves of this company had longtime previous technical experience in this sector. **Technoedge power** also provides opportunities for young energetic engineers.

From the year 2011, technoedge power becomes a Limited company “**Technoedge Power Limited**”. Today it has way to established itself as a supplier of low voltage electrical accessories assembling. **Technoedge Power Limited** firstly try to realize the overall power distribution philosophy of the project and then prepare a cost effective design considering the present and future provision of the project. Low voltage switchgear, power factor improvement plant, distribution board, motor control panel, changeover panel and all type of electrical conventional works are done by smart design maintaining superior quality. With the self manufactured and assembled equipment, **Technoedge Power Limited** works for supplying, installing & commissioning of the above works. We also work for bus bar trunking system both power 400A to 5000A both copper & aluminum and lighting bus bar trunking system with copper. In future **Technoedge Power Limited** will manufacture three phase distribution transformer.

Vision

The company **Technoedge Power Limited** is a Bangladesh born corporate establishment with a vision that encompasses more than business objectives. The vision is rooted in the common aspiration of the people to establish Bangladesh in the global mainstream in capacity, potential and competence. Superiors focus is in the area of electrical control protection for providing total power solution nationally and beyond.

Mission

Our mission is to add value to the business we are involved. Our emphasis is on helping technology and to improve the quality of living of our employees and the communities we serve. Our aim is to achieve this mission by not only providing quality products but also rendering the excellence in our services. **Technoedge Power Limited** core purpose is to foster technological innovations and excellence for the benefit of humanity.

Management

1. MD. Jahangir Alam

B. Sc Engineer (Electrical)

Chief Executive Officer

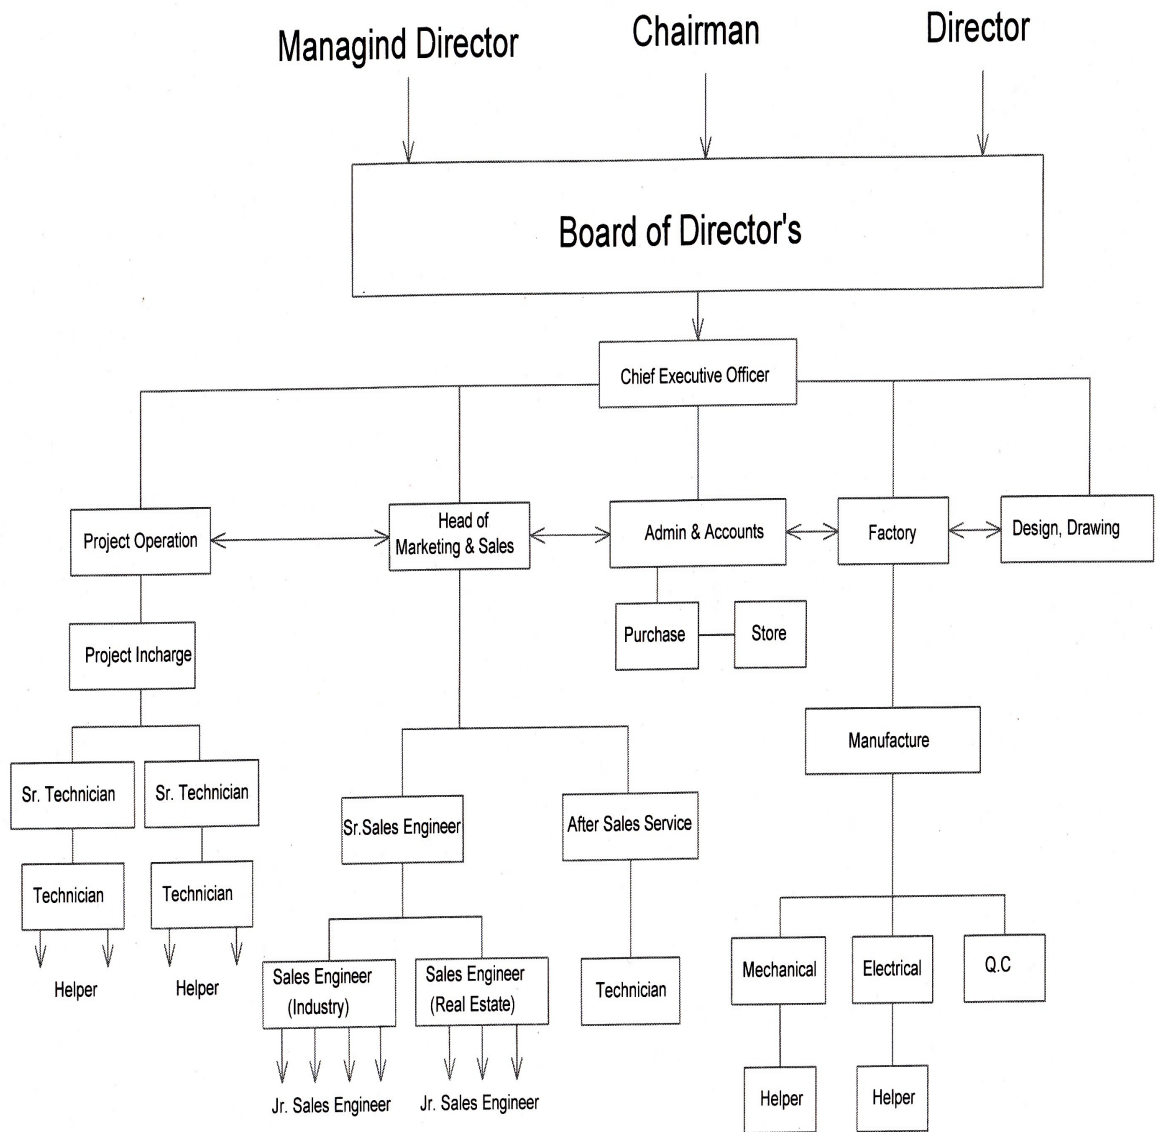

Mob: 01922 790 710, 01761 831 120

Mail: jahangir@technoedgebd.com

MD. Jahangir Alam passed B. Sc Engineer in Electrical and Electronic Engineering. After complete graduation, he started his carrier in Prokulpo Upodesta Ltd as a consultancy engineering firm in 1998 as a project engineer and worked there for about Three (03) years, after joined the Automation Engineering & Controls Ltd. as an electrical engineering firm, as a assistant Manager (Project) and worked there about Five (05) Years, in service period he had served Textile, spinning, denim, garments composite etc. sector all types of electrical drawing, design, costing & installation supervision work done.

He was Manager (Project) of Adex Corporation Limited. Where he had the scope of work for so many critical design, drawing & installation supervision in 11KV substation and as well as bus bar Trunking System. During his carrier in Adex Corporation Ltd. he earned vast knowledge and experience in BBT as well as 11KV sub station, all type of electrical conventional works like that high rise building, garments, textile, spinning, denim, dyeing & washing factory drawing, designing, assembling and installation Supervision works. Then he left and started business in electrical and power sector being with **Technoedge Power Limited**.

Service we make together

Technoedge Power Limited has a long term vision to be the best and largest power engineering company of Bangladesh by dint of quality product, professional deal and superior after sales support.

Technoedge Power Limited believes on the philosophy that customers are the best referrers for the vendors. If we can satisfy our valued customers then they will speak for us. With the blessing of our satisfied customers **Technoedge Power Limited** dreams to cross the national boundaries to face the global competition by professional intelligence technical up gradation and business commitment.

Quality that means a lot to **Technoedge Power Limited** so we are providing all types of Low Voltage Switchgear product of different world class brands.

DETAIL CAPABILTIES & SCOPE OF WORKS

- Low Tension Switch Gear Panel (L.T Panel)
- High Tension Switch Gear Panel (H.T Panel)
- Power Factor Improvement Panel (PFI Panel)
- Low Voltage electric accessories
- Main Distribution Board (MDB)
- Sub Distribution Board (SDB)
- Motor Control Center Panel (MCCP)
- Changeover Switch (COS)
- Auto Transfer Switch (ATS)
- Power Bus Bar Trunking System
- Lighting Bus Bar Trunking System
- All types of electrical conventional works
- Distribution Transformer
- Design, Drawing & consultancy of all type electrical works
- Supply, Design, Drawing Installation and Commissioning of Turnkey Projects
- And Many More...

Highlight of **Technoedge Power Limited** Switch Gear Panel

Prime Quality cold rolled MS sheet used for making switch Gear panel

Proper CAD design & Engineering is applied

Long durable electrostatics powder coated paint used

Prime quality imported copper used for Common Bus bar

Heat resistant insulator used

All accessories like plug-in-bus bar, earthing & neutral block are of European origin

Heavy duty, durable imported lock is used

Low Voltage Electrical Accessories

Switch, Sockets

We are providing various range switches & sockets and offering you for right selection as you desire to your houses, offices, hospitals even in the factory.

Miniature Circuit Breaker (MCB) : 6-63A

(Single Phase, Double Phase, Three Phases)

Moulded Case Circuit Breaker (MCCB) : 10A-1600A

Vacuum Circuit Breaker (VCB) : 630A-1250A

Air Circuit Breaker (ACB) : 630A-5000A

Residual Current Devices (RCD)

Magnetic Contactor : 9A – 400A

Overload Relay : 0.1A - 450A

Capacitor Bank : 5Kvar-50Kvar

Power Bus bar Trunking System : 63A- 5000A

Lighting Bus bar Trunking System: 25A- 63A

Energy Saving Light

T-5 Light shade

T-8 Light Shade

Spot Light

Different type Lubber Light shade

The well designed and flexible enclosure meets all electrical functions in a shop, luxury villa, commercial space and factories. The different size and dimensional distribution, cabinets and boxes combine functionality and style to suit all situations.

Quality & Commitment

Technoedge Power Limited policy is to established and work to process which ensure the understanding of customers needs and hence to deliver and support its products and services to satisfy those needs to better than the competitors.

Our aims to reduce the health, safety and environmental impacts of our products and prevents pollution by utilizing a structured risk management approach taking in to account the needs of our customers and society at large. Our activities will be assessed for environmental impact and appropriate health and safety provision.

We are proud to be declaring that we are providing all types of High tension and low tension voltage switchgear products of different world class brand.

Technoedge Power Limited is committed to provide quality products and services by ensuring total customer satisfaction for all time adopting updated and latest technology in the field.

GENERAL INFORMATION OF THE COMPANY

Name of the Company

Technoedge Power Limited

Address of Corporate Office

Flat-6/D, House-8, Sector-9,
Uttara, Dhaka-1230, Bangladesh
Phone; +88 02 8921835, fax: +88 02 8921835
Email: jahangir@technoedgebd.com
Web: technoedgebd.com

Address of Factory

Plot 218, Masterpara,
Uttarkhan, Uttara, Dhaka-1230

OTHER INFORMATION

Trade License No	0949997
Memorandum issue No	17058
Certificate of Incorporation No	C – 97628/11
TIN No	720-200-0019
VAT Reg. No	18151055707
ABC Contactor License No	C - 39/9537
ABC Supervisor License No	S - 48/11816

BANKING INFORMATION OF THE COMPANY

Bank Name : Standard Chartered Bank.

Account Number : 02-1106231-01

Motijheel Branch, Dhaka

Bangladesh

Bank Name : Shahajalal Islami Bank Ltd

Account Number : 400811100009083

Technical Team of Technoedge Power Limited

In Office:

- | | | |
|-----|---|------------------------------------|
| 01. | Engr. Jahangir Alam
B. Sc Engineer (EEE) | Chief Executive Officer |
| 02. | Sabiha Sultana | Deputy Manager (Marketing) |
| 03. | Miss Sharmin Shakha
MSS | Sr.Officer
Finance & Accounting |
| 04. | Md.Bulbul Ahammad
B.sc in Accounting | Officer
Account & Purchase |
| 05. | Md. Hassan
B. Sc Engineer (EEE) | Business Development |
| 06. | Md. Aminul Haque | Driver |
| 07. | Md. Rubel | |

In Factory:

01.	Engr. Golam Murshed B. Sc Engineer (EEE)	Chief Engineer (factory)
02.	Md. Majharul Islam Diploma Engineer	Technician
03.	Md.Fozle Rabbi Diploma Engineer	Technician
04.	Md .Rofiqul Islam	Sr. Technician
05.	Md. Shakib shakh	Sr. Technician
06.	Md. Mirajul Islam	Mechanical
07.	Md. Hridoy Khan	Mechanical
08.	Md. Amarat Hossain	Mechanical
09.	Md. Rakib shakh	Technician
10.	Md. Imran Hossain	Helper
11.	Md.Ajmir Hossain	Helper
12.	Md. Raju Ahammad	Helper
13.	Junu Sarkar	
14.	Md. Robiul Islam	
15.	Md.Kamran Chowdhury	

Apart from the above mentioned person. **Technoedge Power Limited** has some other technical person who is engaged in installation and erection works of different projects at different location of Bangladesh.

Strategic business Partners

VCB, LBS, ACB, MCCB, MCB	- ABB - Italy, Schneider Electric
Magnetic Contactor	- ABB, Togami, Japan
Frequency Inverter	- Schneider Electric
Capacitor Bank	- ABB, India / Frako, Germany
Switch Socket	- MK, ABB, Flag
Power Bus bar Trunking System	- Malaysia
Lighting Bus bar Trunking System	- Naxso, Italy
Energy Saving Light	- China

Service We Make Together **Technoedge Power Limited...**

Thanks you for being with **Technoedge Power Limited**
